

DONATIONS NEEDED

Brigham and Women's Faulkner Hospital's Community Health and Wellness team is out weekly in Boston neighborhoods distributing food, health screenings, COVID-19 prevention information and more. They have identified a critical need for **toothbrushes, toothpaste, shampoo, conditioner, deodorant/antiperspirant and body wash/soap**. Gift cards, cash or check donations will also be accepted.

BWFH's Emerging Leaders Committee is hosting a donation drive to help collect these much-needed items. If you are able to help out, please drop off your donations outside BWFH's cafeteria on one of the following dates between 12 noon and 1 pm:

Wednesday, May 26

Thursday, June 3

Tuesday, June 8

If you have questions or are unable to drop off your items on these dates, please contact Katie Plante at kdplante@bwh.harvard.edu.
