## CB Mission

### Community Benefits Mission Statement

The Board of Directors, Oversight Committee for Community Health and Wellness, hospital administration, and larger hospital community, are all committed to Brigham and Women’s Faulkner’s community benefit mission, which is:

- To evaluate the health status of service area neighborhoods of West Roxbury, Roslindale, Hyde Park and Jamaica Plain, and respond to identified needs
- To pay particular attention to health and wellness concerns affecting children in local schools, the elderly, women, and diverse populations who may experience health disparities, among others
- To provide a wide variety of free health screenings and immunizations, health education programs, and other services relating to important health issues affecting communities served
- To seek community participation in and feedback about our community benefits efforts, by involving community members in the hospital’s planning and evaluation processes and by keeping the lines of communication open
- To engage in meaningful, active collaboration with a broad range of community residents, schools, service organizations, businesses, government agencies and others, to stay abreast of community needs, and to pool knowledge and resources in addressing those needs
- To periodically review and assess community benefits goals, services, and outcomes to ensure that they remain relevant to issues affecting our communities, and to allocate or reallocate community benefits resources, as needed

### Target Populations

Name of Target Population	Basis for Selection
Brigham and Women’s Faulkner’s community members with health needs, especially local school children, the elderly, women, and low-income, vulnerable populations	Assessment of quantitative and qualitative data

## Key Accomplishments of Reporting Year

Various initiatives served thousands of residents during FY2018, including:

- Expanded food insecurity work with partners to provide stipends to more families in additional neighborhood of Roslindale.
- Expanded targeted diabetes education and food stipends on the Fresh Truck to include more than 550 patients at Hyde Park Community Physicians.
- Provided new initiatives of education and awareness to the drug epidemic to parents, community residents and children with our community partners.
- Close collaborative work with community groups on a variety of health issues, such as senior safety; transportation barriers and food insecurity.
- Added trauma informed yoga classes for violence survivors as part of the DV work.

## Plans for Next Reporting Year

In 2018, we continued to implement our 2017-2019 community benefit plan as defined by our 2016 community health needs assessment. There are five areas of focus that include:

1. Chronic Diseases
2. Substance Abuse
3. Food Insecurity, Healthy Eating and Active Living
4. Domestic Violence
5. Social Determinants of Health (Language, Poverty, Education, Access, and Youth Engagement)

## Community Benefits Process

---

### *Community Benefits Leadership/Team*

The Brigham and Women's Faulkner Hospital Community Benefits Leadership team is comprised of internal hospital leaders, external stakeholders, and community members.

### *Community Benefits Team Meetings*

Formal meetings include tri-annual community engagement advisory committee meetings, periodic meetings of subgroups of the committee, and weekly community benefit staff meetings.

### *Community Partners*

AgeWell  
 American Cancer Society  
 American Heart Association  
 Blake Estates Senior Housing  
 Boston Public Health Commission

 The German Center  
 Greater Boston Food Bank  
 Grew Elementary School  
 Healthcare Without Harm  
 Hebrew Senior Life  
 Hyde Park Community Physicians  
 Hyde Park Medical Care  
 Hyde Park YMCA  
 Italian Home for Children  
 Jamaica Plain Tree of Life/Arbol de Vida  
 Jamaica Plain Elder Care Collaborative  
 Malone Senior Housing  
 Manning Elementary School  
 Massachusetts Department of Public Health  
 Parkway Academy of Technology and Health  
 Roche Family Community Center  
 Rockland Towers  
 Roslin Apartments  
 Roslindale Community Leaders Group  
 Sophia Snow Place  
 Spring Street Elder Housing  
 Washington Beech Housing Association  
 West Roxbury Business Association  
 West Roxbury Medical Group  
 Parkway YMCA

## Community Health Needs Assessment

### *Date Last Assessment Completed and Current Status*

In FY16, a comprehensive review of state and local data was conducted to inform our community priorities and goals. In addition, a community survey was administered to 158 residents. The survey focused on assessing respondents' health needs and their views on the health issue that should be a priority focus for Brigham and Women's Faulkner Hospital. Additionally, there were numerous internal and external stakeholder meetings and focus groups held to get the direct input from the community.

We have embarked on a collaborative process for a 2019 CHNA involving Boston hospitals, health centers, community organizations and the Department of Health. Estimated date of completion is June 2019.

### *Consultants/Other Organizations*

HRIA, All Boston Hospitals, Health Centers, Boston DPH, Community Organizations

*Data Sources*

Hospital, Interviews, Surveys, Focus Groups, Other - Publicly available data including BRFSS, BPHC, DPH

**Community Benefits Programs**

**Chronic Disease - Cardiovascular Wellness**

<b>Program Type</b>	Community Education, Health Screening, Prevention
<b>Statewide Priority</b>	Chronic Disease Management in Disadvantage Populations
<b>Brief Description or Objective</b>	As a primary stroke facility, Faulkner Hospital provides education to the community about stroke signs and symptoms. While an education campaign is provided year-round, there is a more intensive focus during National Stroke Awareness month, in May. Additionally, Faulkner educates the community about heart disease and diabetes.
<b>Target Population</b>	<ul style="list-style-type: none"> <li>• <b>Regions Served:</b> Boston-Hyde Park, Boston-Jamaica Plain, Boston-Roslindale, Boston-West Roxbury</li> <li>• <b>Health Indicator:</b> Other: Cardiac Disease, Other: Diabetes, Other: Stroke</li> <li>• <b>Sex:</b> All</li> <li>• <b>Age Group:</b> Adult</li> <li>• <b>Ethnic Group:</b> All</li> <li>• <b>Language:</b> All</li> </ul>

**Goal Description**

Use BWFH website, waiting areas, mailings, and internal communications to further educate the community about stroke prevention, signs and symptoms, what to do if you think you or someone else is having a stroke, care for someone after a stroke and aphasia awareness.

Provide screening programs to help residents identify and or monitor risk factors such as cholesterol levels, glucose and blood pressure.

**Goal Status**

In FY18, there were 25 events and 2,000 participant encounters.

In FY18, there were 20 screening clinics and 400 participants.

**Healthy Eating and Active Living - Nutrition Services and Food Insecurity**

**Program Type** Community Education, Prevention

**Statewide Priority** Promoting Wellness of Vulnerable Populations, Reducing Health Disparity

**Brief Description or Objective** Nutrition education and nutrition health coaching focuses on helping people understand the complexity of nutrition and helping families and individuals make good choices. Events include supermarket tours, cooking classes, diabetes education, wellness challenge, health coaching etc.

Food insecurity education to hospital staff and physicians. Create greater awareness of what food insecurity is and its impact on our community.

- Target Population**
- **Regions Served:** Boston-Hyde Park, Boston-Jamaica Plain, Boston-Roslindale, Boston-West Roxbury
  - **Health Indicator:** Other: Nutrition
  - **Sex:** All
  - **Age Group:** All
  - **Ethnic Group:** All
  - **Language:** All

**Goal Description**

Provide nutrition education to Faulkner community.

Food insecurity education to hospital staff and physicians. Create greater awareness of what food insecurity is and its impact on our community.

Food insecurity education to hospital staff and physicians. Create greater awareness of what food insecurity is and its impact on our community.

**Goal Status**

In FY18, there were 40 community events and 2,400 participant encounters.

12 Food Resource boxes available for the community in 10 locations on campus and in the community.

5 educational sessions and 240 encounters.

**Partners**

**Healthy Eating and Active Living - School Partnership Programs**

**Program Type** Community Education, Community Health Needs Assessment, School/Health Center Partnership

**Statewide Priority** Promoting Wellness of Vulnerable Populations, Reducing Health Disparity

**Brief Description or Objective** Working with the Manning Elementary School in Jamaica Plain and the Grew Elementary School in Hyde Park. Programs are designed to help enrich students' wellness curriculum, encourage early awareness of how to foster good health, and help students deal with outside factors that may interfere with their health. The goal is to foster a sense of community-wide responsibility for the education of youth, provide programming, meet student and teacher needs, support the larger school community, and serve as a resource. Programs include school-wide tasting, food stipends for food insecure families as identified by food screening, comprehensive nutrition and wellness education, all grade levels talks and visits to the hospital on a health/wellness topic, leadership role on Wellness Council, BWFH representative as school Wellness Champion, support and education for physical fitness of students, health coaching and support for health needs of the staff, etc.

**Target Population**

- **Regions Served:** Boston-Hyde Park, Boston-Jamaica Plain, Boston-Roslindale, Boston-West Roxbury
- **Health Indicator:** All
- **Sex:** All
- **Age Group:** Child-Preteen, Child-Primary School
- **Ethnic Group:** All
- **Language:** All

**Goal Description**

**Goal Status**

Provide \$10 weekly food stipends for food insecure families as identified by food screening. Stipend is for the Fresh Truck mobile market.

Provided weekly food stipends to 30 food insecure families at the Manning School and 30 families at the Grew School.

Foster a sense of community-wide responsibility for the education of youth, provide programming, meet student and teacher needs, support the larger school community, and serve as a resource.

In FY18, there were on-going events throughout the year. All students, staff and parents served at multiple points with thousands of participant encounters.

----------------------------	--

**Social Determinants - Workforce Development - Youth Success**

<b>Program Type</b>	Community Education, Mentorship/Career Training/Internship
<b>Statewide Priority</b>	Promoting Wellness of Vulnerable Populations, Reducing Health Disparity, Supporting Healthcare Reform
<b>Brief Description or Objective</b>	Faulkner Hospital has developed a series of programs to provide opportunities for elementary, middle school, high school and college students to gain experience in various departments across the hospital. Students are exposed to different aspects of healthcare which serves two purposes: to help to educate youth and young-adults on current health issues, and to allow participants to explore different career options, which further supports Faulkner Hospital's efforts to improve economic development in its surrounding community. Some of the programs

provide paid opportunities. Workforce Development - Youth Success programs include: Academic Advocate, Summer Jobs Program and Job Shadow Program.

**Target Population**

- **Regions Served:** Boston-Dorchester, Boston-Hyde Park, Boston-Jamaica Plain, Boston-Roslindale, Boston-West Roxbury
- **Health Indicator:** Other: Education/Learning Issues
- **Sex:** All
- **Age Group:** Adult-Young, Child-Teen
- **Ethnic Group:** All
- **Language:** All

**Goal Description**

Summer Jobs Program - Provide a paid program at the hospital in various departments for students to work for 6 weeks in the summer. Expose students to different aspects in healthcare as well as earn money and stay occupied during the summer.

Job Shadow Program - offer job shadow opportunities to Curley Middle school students and Boston Private Industry Council (BPIC) High School students in both clinical and non-clinical disciplines in the healthcare setting.

Academic Advocate – Connect BWFH staff with an identified student at the Manning School for a mentoring program to give the student a positive role model. Advocate encourages and helps the student to read, do homework, get focused/organized, etc.

Career Panels—Offer career panels and representation at area public high schools to provide information about summer job programs and healthcare careers.

**Goal Status**

In FY18, the program hired 8 students over 6 weeks to work in various hospital departments for 30 hours/week.

In FY18, there were 50 students who participated in 4 events: BPIC, Food Service, Community Health, and BPS shadow days.

In FY18, there were 12 BWFH staff paired with 12 Manning School students and there were 270 encounters.

In FY18, there were 2 career panel events with 60 student encounters.

**Chronic Disease - Medication Safety Education**

**Program Type**

Community Education, Direct Services, Prevention

**Statewide Priority**

Promoting Wellness of Vulnerable Populations

**Brief Description or Objective**

The medication safety education program addresses the issue of how to best manage taking medications both in and out of the hospital. It provides information to assist patients in the proper way to take, store, list, and communicate what medications they are taking. The program describes what to look for and questions to ask when in the hospital to help caregivers prevent a medication error.

**Target Population**

- **Regions Served:** Boston-Hyde Park, Boston-Jamaica Plain, Boston-Roslindale, Boston-West Roxbury
- **Health Indicator:** Other: Elder Care, Other: Safety
- **Sex:** All
- **Age Group:** Adult-Elder, All
- **Ethnic Group:** All
- **Language:** All

**Goal Description**

Provide education to elderly on how to manage medication both in and out of the hospital.

**Chronic Disease - Stroke Support and Awareness**

**Program Type**

Community Education, Support Group

**Statewide Priority**

Promoting Wellness of Vulnerable Populations

**Brief Description or Objective**

As a primary stroke facility, Faulkner Hospital has developed a series of programs aimed to educate the community about stroke signs and symptoms. The program offers a unique, ongoing support group for survivors and their families to connect with professionals for resources and information on a variety of topics related to life after stroke.

**Target Population**

- **Regions Served:** Boston-Hyde Park, Boston-Jamaica Plain, Boston-Roslindale, Boston-West Roxbury
- **Health Indicator:** Other: Elder Care, Other: Stroke
- **Sex:** All
- **Age Group:** Adult, Adult-Elder
- **Ethnic Group:** All
- **Language:** All

**Goal Description**

**Goal Status**

Offer a support group for survivors and their families to connect with professionals for resources and information on a variety of topics related to life after stroke. In FY18, there were 8 meetings and 100 participant encounters.

**Social Determinants - Brigham and Women's Faulkner Hospital Certified Application Counselors**

<b>Program Type</b>	Direct Services
<b>Statewide Priority</b>	Address Unmet Health Needs of the Uninsured, Supporting Healthcare Reform
<b>Brief Description or Objective</b>	Brigham and Women's Faulkner Hospital Certified Application Counselors (CACs) provide information about the full range of insurance programs offered by EOHHS and the Health Connector. Our CACs help individuals complete an application or renewal; work with the individual to provide required documentation; submit applications and renewals for the Insurance Programs; interact with EOHHS and the Health Connector on the status of such applications and renewals; and help facilitate enrollment of applicants or beneficiaries in Insurance Programs. In FY17, BWFH CACs contributed to the estimated 75 patient financial counselors across the Partners HealthCare system that served patients who needed assistance with their coverage.
<b>Target Population</b>	<ul style="list-style-type: none"> <li>• <b>Regions Served:</b> Boston-Hyde Park, Boston-Jamaica Plain, Boston-Roslindale, Boston- West Roxbury</li> <li>• <b>Health Indicator:</b> Access to Health Care</li> <li>• <b>Sex:</b> All</li> <li>• <b>Age Group:</b> All</li> <li>• <b>Ethnic Group:</b> All</li> <li>• <b>Language:</b> All</li> </ul>

**Goal Description**

To provide patients and extended community with individualized assistance with application process, understanding the complex health care system and their rights and obligations as a patient.

Provide information about the full range of insurance programs offered by EOHHS and the Health Connector.

**Goal Status**

In FY18, 1,000 contacts were made.

In FY18, BWFH CACs contributed to the estimated 75 patient financial counselors across the Partners

HealthCare system that served patients who needed assistance with their coverage.

**Chronic Disease & Healthy Eating and Active Living – Hyde Park**

<b>Program Type</b>	Direct Services, Community Education
<b>Statewide Priority</b>	Chronic Disease Management in Disadvantaged Populations, Promoting Wellness of Vulnerable Populations
<b>Brief Description or Objective</b>	A partnership with the Hyde Park YMCA to address community needs. A BWFH registered dietitian provides nutrition education in the community including supermarket tours, community talks, food tastings and demonstrations, a ‘prescription card’ for healthy produce purchase, and pop up marketing/education events. The program includes a weekly Fresh Truck Mobile Produce Market stop at Hyde Park YMCA providing tastings, food demonstrations and education.
<b>Target Population</b>	<ul style="list-style-type: none"> <li>• <b>Regions Served:</b> Boston-Hyde Park,</li> <li>• <b>Health Indicator:</b> Diabetes, Overweight and Obesity, Nutrition, Physical Activity</li> <li>• <b>Sex:</b> All</li> <li>• <b>Age Group:</b> All</li> <li>• <b>Ethnic Group:</b> All</li> <li>• <b>Language:</b> All</li> </ul>

**Goal Description**

Provide education and information to the community about health eating and active living.

Provide a 'prescription card' for healthy produce purchase on The Fresh Truck.

Hyde Park walking maps to educate and encourage community members to walk rather than rely on other modes of transportation.

**Goal Status**

In FY18, 20 community education activities were held representing 600 encounters with the dietician.

In FY18, 550 diabetic patients were offered with \$10 weekly cards to increase fruit and vegetable consumption.

Created walking maps in English and Spanish for West Roxbury, Hyde Park, Jamaica Plain and Roslindale.

**Substance Use and Abuse – Parkway Drug Coalition**

**Program Type**

Community Education

**Statewide Priority**

Chronic Disease Management in Disadvantaged Populations, Promoting Wellness of Vulnerable Populations

**Brief Description or Objective**

A Coalition developed to address the CHNA data and community input that drugs are an issue in the neighborhoods. Based on the community members at the table and our resources, community education and awareness is the focus for the group.

**Target Population**

- **Regions Served:** Boston-Hyde Park,
- **Health Indicator:** Substance Use
- **Sex:** All
- **Age Group:** Adult, Adult-Young, Child-Preteen, Child-Teen

- **Ethnic Group:** All
- **Language:** All

**Goal Description**

Host data and awareness meetings to engage with youth and families.

**Goal Status**

FY18 event featured drug deactivation bags for attendees, "If Only" video screening, and a panel discussion from BWFH addiction medicine and psychiatry staff. Additional events with drug deactivation bags were hosted giving out over 2000 bags throughout the year.
