## THE WOMEN OF HARVARD COMBINED ORTHOPEDIC RESIDENCY PROGRAM

Invite *all Female Medical Students* to:

# The B.♀.N.E.S. Initiative (VIRTUAL)

(Bringing Orthopedics to New England  
Students of medicine)

- Hear from women in orthopedic residency, fellowship, and practice discuss how they manage their professional and personal lives.
- **Join us for an interactive session and learn why orthopedics is a great profession for women!**

Due to COVID,  
we were sadly  
unable to do an  
in person event  
last year and this  
year.

We are looking  
forward to an  
interactive virtual  
discussion this year,  
and a return to in  
person programming  
in 2022!

HARVARD Orthopaedics  
Combined Residency Program
